# CURRICULUM/TRAINING: PARENTS

**Parents' Satisfaction Rating Distribution**

This graph shows the distribution of satisfaction scores parents provided for the overall curriculum/training rating question.

**Impact Index** is a combination of the penalty and the % reporting the problem. It represents the percent of **potential improvement** that can be realized if the occurrence of the problem is reduced to zero.

**Penalty** for each issue is the difference between the mean satisfaction scores of those who reported that an issue was a problem and those who reported that the same issue was not a problem. The larger the penalty, the larger the effect of the problem is on satisfaction for those people who have experienced the issue.
