

# Notice of Regular Meeting The Board of Trustees LVISD

A meeting of the Board of Trustees of Lago Vista ISD will be held on February 20, 2012, at 6:00pm in the Board Room in Viking Hall, 8039 Bar K Ranch Road, Lago Vista, Texas 78645.

The subjects to be discussed or considered or upon which any formal action may be taken are as listed below. Items do not have to be taken in the order shown on this meeting notice.

- 1. Determination of quorum, call to order, pledges of allegiance
- 2. Welcome visitors/Public participation
- 3. Facility Planning Update Robert Gadbois and Bob Shelton
- 4. Approval of schematic design Phase 1
- 5. Consideration and possible action to evaluate, rank, and select a proposed offeror to be the District's Construction Manager-at-Risk for the High School Construction Project.
- 6. Consideration and possible adoption of an
  - "Order authorizing the issuance of "Lago Vista Independent School District unlimited tax school building bonds, series 2012"; levying a continuing direct annual ad valorem tax for the payment of such bonds; authorizing a purchase contract, a paying agent/registrar agreement, and other matters related thereto".
- 7. Consideration and possible action to select the Energy Saving Performance Contracting method set forth in Texas Education Code 44.901 for utility conservation measures
- 8. Superintendent report
  - a. EOC/GPA Consideration
  - b. Apple Migration
  - c. Calendar Planning
  - d. Staff Salary Planning
- 9. Minutes of previous meetings (Dec. 22-Special; Jan 18-Special; Jan 23-Regular)
- 10. Monthly Financial report

**Board President** 

- 11. Closed Session pursuant to Government Code section 551.074. Discussion of Teacher and Administrative Contracts and Performance
- 12. Administrative Contract Renewals and Teacher Contract
- 13. Consider date of March Board Meeting
- 14. Adjourn

If, during the course of the meeting, discussion of any item on the agenda should be held in a closed meeting, the Board will conduct a closed meeting in accordance with the Texas Open Meetings Act, Government Code, Chapter 551, Subchapters D and E. Before any closed meeting is convened, the presiding officer will publicly identify the section or sections of the Act authorizing the closed meeting. If inal votes, actions, or decisions will be taken in open meeting.	AII

Date

# Lago Vista ISD 2011 - Weekly Bond Update

# New Lago Vista ISD High School Budget Summary

			Budget	
	Budget	Committed	Balance	Expenditures
Construction Costs	\$25,526,458	\$0	\$25,526,458	
Non-Fixed Furniture/Fixtures/Equip	\$607,637	\$0	\$607,637	
Fees/Design/Acctg/Legal/Admin*	\$2,330,863	\$2,255,863	\$75,000	
Technology Equipment	\$500,000	\$0	\$500,000	
Contingency	\$635,042	\$0	\$635,042	
Total Project Budget	\$29,600,000	\$2,255,863	\$27,344,137	

<sup>\*</sup> Includes A/E, Geotechnical, Civil, Administration, Legal, Accounting, Construction Testing & Inspection, etc.

# **Current Activities**

- Proposals for Construction Manager at Risk (CMAR) were received on February 8. Twelve firms submitted. The proposals were ranked and the top three firms were scheduled for interviews. Interviews with Baird Williams Construction, Bartlett-Cocke Construction, and American Constructors were completed 2/15/12. Staff will be presenting recommendation to School Board at the regular Board Meeting on 2/20/12 at 6:00PM.
- The District advertised a solicitation for statements of qualifications from firms to provide geotechnical engineering and construction materials testing and inspection services. Five firms submitted responses. The responses were ranked and Professional Service Industries, Inc. (PSI) was ranked the highest. Accordingly, a proposal was requested for the provision of geotechnical engineering services. PSI submitted a proposal and it is under review.
- Site survey, topography and tree survey is underway and estimated to be complete within two to three weeks.
- Staff is developing a memorandum of understanding for review by the City of Lago Vista based on our discussions related to off-site utility and roadway improvements and joint participation therein.
- Team meeting will be held on 2/20/12 to discuss roadway improvements and the terms of the TIA (Traffic Impact Analysis)
- Fromberg is finalizing the Schematic Design and will present at the board meeting on 2/20/12

Lago Vista ISD - CMAR Evaluation Summary

Company Name	PC Fee	O&P Fee	CP Fee	Total Fee	Score
Baird Williams	\$0.00	1%	1.05%	\$492,000.00	999
Bartlett Cocke	\$9,000.00	1%	1.50%	\$609,000.00	939
American Constructors	\$11,000.00	1.50%	2.40%	\$947,000.00	914
Balfour Beatty	\$5,000.00	1.25%	2.56%	\$919,400.00	873

February 14, 2012

Lago Vista Independent School District

% Owners Building Resource, LLC 8705 Shoal Creek Boulevard, Suite 101 Austin, Texas 78757

Attn. Mr. Dustin Riley Project Manager

Re: Proposal –Geotechnical Engineering Evaluation

Lago Vista High School Lohman Ford Road Lago Vista, Texas PSI Proposal No. 62996

Dear Mr. Riley,

Professional Service Industries, Inc. (PSI) is pleased to submit the following proposal to perform a Geotechnical Engineering Evaluation at the site of the above referenced project. PSI understands that our firm has been selected to provide Geotechnical Engineering Services for the Lago Vista Independent School District based on previous experience and qualifications. The Geotechnical Engineering Evaluation will be conducted to determine the subsurface conditions at the subject site and to provide information needed in the design of cost effective foundation and pavement systems for the proposed project.

# **Project Understanding**

PSI understands that the proposed site of the new Lago Vista High School is located off of Lohman Ford Road in Lago Vista, Texas. The subject site is located on the east side of Lohman Ford Road approximately 300 feet south of its intersection with Rancho Cielo Court; the site includes an existing LVISD football field and associated parking area and drive areas. Based on our review of aerial photographs and topography plans, the proposed site appears to be relatively undeveloped and appears to slope downward from the north towards the southeast with approximately 80 feet of change in elevation.

Based on information provided by Mr. Dustin Riley and our review of a preliminary site plan, Sheet A1.0 dated January 16, 2012, PSI understands that the proposed High School will include construction of the following:

- Main Building approx. 70,000 square feet in plan area, 1½ to 2 stories in height
- Secondary Gymnasium approx. 8,000 square feet in plan area, 1½ stories in height
- Performing Arts Complex approx. 18,0000 square feet in plan area, 2 stories in height
- Future Phase II Structures approx. 35,500 square feet in plan area, 1 to 2 stories in height

- Tennis Area approx. 28,000 square feet in plan area, includes four tennis courts
- Baseball and Softball fields with dugouts, bleachers, and lighting
- Football Field and Track with bleachers/press box and potential synthetic turf
- Sports Fieldhouse approx. 9,600 square feet in plan area, single story
- Concession/RR building approx. 3,000 square feet in plan area, single story

It is anticipated that the Main Building, Secondary Gymnasium, Performing Arts Complex, and Phase II structures will be of steel frame construction while the Fieldhouse and Concession structures maybe pre-engineered metal buildings. Detailed information regarding column and wall loading was not available at the time this proposal was prepared. It is anticipated that preferred foundation system for the proposed main structures will consist of straight shaft drilled piers with soil supported concrete floor slab systems, while the Field House and Concession structure will consist of monolithic slab-on-grade foundation systems.

The development of the Football field will include metal frame bleachers, a home press box, and a potential synthetic turf playing surface. The installation of light standards and scoreboards is also planned. It is anticipated that these structures will be supported on drilled pier foundation systems.

The proposed project will also include the installation of associated parking and drive areas; including access drives and bus/fire lanes. PSI anticipates that the proposed pavement areas will be of either flexible asphaltic or rigid concrete pavement construction.

## Scope of Services

PSI's Scope of geotechnical services for this project will include the following:

- Sampling and testing of the subsurface materials and observations of the groundwater conditions at the site, to depths that would significantly affect of be affected by the foundation and pavements by drilling test borings.
- Identification of the physical and engineering characteristics of the subsurface materials encountered during the sampling and testing.
- Recommendations of the type or types of foundations which would be suitable
  for the proposed project and provision of data for use in foundation design and
  construction.
- Recommendations for design of flexible and rigid pavement systems for the proposed parking and drive areas.

### Field Services

It is proposed to explore the subsurface materials and groundwater conditions at the subject site by drilling test borings using truck mounted drilling equipment. PSI proposes to drill a total of 36 test borings for this project. The table below provides the proposed structure, quantity, and proposed test boring depths:

	Test Borings		A CONTRACTOR OF THE PROPERTY O
Proposed Structure	Quantity	Depth (ft) (each)	Total Depth (ft)
Main Building, Secondary Gymnasium, Performing Arts, Phase II Structures	14	20-35	355
Tennis Courts	2	10*	20
Victory Plaza (softball/baseball fields, concession, fieldhouse)	6	15*	90
Football Stadium	4	20	80
Track and Field	4	10*	40
Bus Lane, Parking and Drive Areas	8	5	40
TOTAL	36		625

<sup>\*</sup>The test borings maybe terminated at shallower depths if auger refusal due to competent rock is encountered.

PSI proposes to drill a total of 625 linear feet for this investigation. The test boring locations will be located using hand held GPS equipment. After obtaining the final water level readings, the test borings will be backfilled with soil/rock cuttings.

Based on aerial photographs, PSI has observed that the site is moderately to heavily wooded, and it is anticipated that some site clearing operations will be required to access the test boring locations. PSI proposes to access the boring locations by trimming/removing small trees and brush using hand-held equipment. Trees with a diameter larger than 10-inches will not be removed or trimmed excessively.

#### Laboratory Services

The subsurface exploration will include laboratory testing of the samples obtained to evaluate the classification, strength, plasticity, grain size and other characteristics of the subsurface materials involved. PSI laboratories are equipped with modern soil testing apparatus, and field exploration programs are conducted with modern drilling equipment. Field and laboratory testing is performed by trained, qualified technicians under the guidance and supervision of professional engineers.

# **Engineering Analysis and Reporting**

The results of our subsurface explorations and laboratory tests will be evaluated, and an engineering analysis will be performed to develop recommendations for the design of foundation systems, pavement systems, building area subgrade preparation, and general site development. A report reviewed and signed by a Professional Engineer, presenting the results of our field exploration and laboratory testing will be prepared.

Our Geotechnical Report will include the following:

- A review of surface topographical features, geologic features, and site conditions
- Logs of test borings presenting subsurface stratigraphy with pertinent available physical properties and ground water conditions
- A plan showing the locations of the test borings
- Seismic design site classification and coefficients per the International Building Code 2006
- Recommendations for foundation design including the recommended bearing stratum and allowable design values for bearing and skin friction, if applicable
- Estimated total and differential settlement of foundation designs
- Recommendations for building pad preparation for ground supported slabs having a maximum movement potential, due to heave or settlement, of 1-inch.
- Recommendations for site excavation, fill compaction, use of on-site and imported fill material in the area of the structures and under pavements.
- Provision of 3<sup>rd</sup> Edition Post Tension Design parameters for foundations.
- Recommendations for retaining structures including lateral earth pressures, backfill material, and drainage requirements
- Recommendations for flexible pavement profile thicknesses and subgrade modulus and support characteristics for rigid concrete pavement systems.

## Fee

It is proposed that the fee for the performance of the above outlined services be determined on a unit price basis, in accordance with the attached Schedule of Services and Fees, and that the work be performed pursuant to the PSI General Conditions. Copies of the PSI Schedule of Services and Fees and General Conditions are enclosed herewith and incorporated into this proposal. On the basis of the estimated quantities and the Schedule of Services and Fees, it is anticipated that the total fee for this subsurface exploration and geotechnical investigation will be on the order of \$26,400.00. A Project Cost Breakdown is attached for your review which includes fees to cover project management associated with attending project meetings and review of foundation drawings.

Proposed Lago Vista High School PSI Proposal No. 62996 February 14, 2012 Page 5 of 11

# **Clearing Services**

Based on knowledge of the project area and review of aerial images, PSI anticipates that clearing operations will likely be required to access some of the test boring locations. The estimated fee for the site clearing work is \$2,750.00. This estimate consists of clearing services performed by PSI field technicians utilizing hand-held equipment. Clearing operations will be performed in accordance with the City of Lago Vista Tree Preservation and Landscaping Ordinance; trees with diameters over 10-inches (DBH) will not be cleared or trimmed excessively. This value is an estimate. The clearing services will be invoiced for actual work performed at the rate provided below, and will not exceed the amount provided above without prior authorization.

Field Technician (hr)

\$55.00 per hour

Our cost covers the work needed to present our geotechnical findings and recommendations in report form. Not included are costs associated with locating underground utilities, preparing construction specifications, providing environmental consulting, and any other work requested after submittal of our report. PSI will exercise reasonable caution to avoid damages to underground utilities by contacting local utility companies prior to our field activities. However, utility locations on the owners' side of the meter are often unknown by utility companies and by the utility owners. Therefore, PSI will not be responsible for damage to any buried utilities that are not made known to us.

# **Schedule**

We anticipate that our drilling operations can begin within five (5) working days following your authorization, if weather conditions permit. The field operations are expected to take seven (7) days to complete. An electronic version of the draft report will be provided approximately 20 working days after completion of the field investigation. Once comments are received the final copy will be provided in approximately five (5) business days.

## Authorization

PSI will proceed with the work after receipt of a signed copy of this proposal. When returning the proposal, please complete the attached Project Data Sheet so that PSI may best serve your project. Following receipt of a signed proposal, PSI will stake the borings and notify DigTess of our intent to drill, and ask that all utilities present in the vicinity of the borings be located. The total fee for our services will not exceed \$29,150.00 without your written authorization.

Proposed Lago Vista High School PSI Proposal No. 62996 February 14, 2012 Page 6 of 11

# Closing

PSI appreciates the opportunity to offer its services to your project and looks forward to working with you during this project. If you have any questions, please feel free to contact our office.

Respectfully submitted,

Professional Service Industries, Inc.

Tonya Sonsteng, Ε.Ι/Γ.

21	22	23	24	25	26	27

Things to look at:

Are the nine weeks breaks where they need to be? Don't forget to consider TAKS/STAAR testing (especially look in March).

If we need a bad weather day, which do we use first – Good Friday or Memorial Day?

Final teacher workday on Saturday, June 1 or Monday, June 3? (probably forces on Saturday workday for graduation for high school)

Graduation on Saturday night?

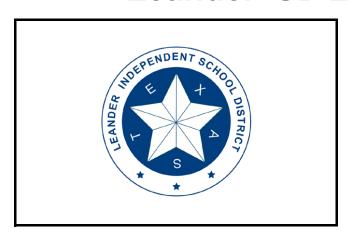

If August 27 is not an instructional day, should we make it a teacher workday and have them not come back on August 20 as is currently on calendar? Or, should we make it a nonworking day for all? Only matters IF it is not an instructional day.

We are three days short. This means that we need to choose three of the following 5 options to be instructional days.

- 1. Labor Day
- 2. August 27
- 3. MLK Day
- 4. Memorial Day (could put bad weather day as June 3)
- 5. Presidents Day

One option that comes to mind is that IF a staff development waiver is pursued by the DEIC or TLC, then professional development might be conducted on Labor Day, or MLK Day or Presidents Day. It is also possible that waiver days might be used those first few days back in January. It would depend on needs of the district.

# Minutes of Regular Meeting The Board of Trustees Lago Vista ISD

A Regular Meeting of the Board of Trustees of Lago Vista ISD was held Monday, January 23, 2012, in the Board Room in Viking Hall, 8039 Bar K Ranch Road, Lago Vista, Texas 78645.

#### **Members Present:**

Laura Vincent

Jerrell Roque

Mark Abbott

David Baker

Stacy Eleuterius

Tom Rugel

**David Scott** 

## Members Absent:

None

#### Also Present:

Matt Underwood, Superintendent Henri Gearing, Asst. Superintendent & Director of Finance

- Determination of quorum, call to order Laura Vincent called the meeting to order at 6:04pm and led the Pledge of Allegiance and the Pledge to the Texas flag.
- 2. Welcome visitors/Public participation

Mr. Underwood recognized Joyce Rutherford for her contribution to the District over the last fifteen years and presented her with a small gift. Mrs. Rutherford is retiring this month and will be deeply missed at LVISD. Her supervisor, Trisha Upchurch also thanked her for her service to the Middle School.

Public Participation: *Mike Wells - contract consideration for the Superintendent.*Mr. Wells wanted to express to the board how much value he believes Mr. Underwood has brought to the district and hopes they carefully consider what an asset he is to the community when discussing contract renewal.

Mr. Underwood thanked the board for their service and gave them certificates in honor of Board Appreciation Month. A video was prepared by LVES staff with LVES students giving their thoughts on the School Board.

# 3. High School Design Update

Bob Shelton and Drew Cummings (of Fromberg and Associates) presented the preliminary schematic design of the new High School facility, based on 3 days of mtgs with staff (Jan 3, Jan 6, and Jan 10). Met with all of HS staff as a group, then in small groups or individually (theatre, band, maintenance, counselor, nurse, AD, life skills, etc.). Several changes were made as a result of these meetings (ie field house placement, moving bathroom into middle of field complex in order to share the facility); .more staff meetings will take place next week. Design development - wants to kick off this phase around April 16.

Design development - wants to kick off this phase around April 16.

A link to these drawings can be found at http://fromberg.com/news\_current.htm. Feedback regarding several elements of design were given the Architectural team from Fromberg and Associates. The PowerPoint is also attached.

# 4. Energy Performance Contract – Way Engineering

The Way Engineering company gave a presentation showcasing an Energy Performance strategy that would reduce the long term energy costs of the District. The received a verbal go ahead from the board to continue researching ways to save the district money.

At 7:35pm, Laura Vincent called for a short break.

At 7:44pm, the board reconvened in session.

## 5. Contract for Civil Engineer

Terry Hagood of Hagood and Associates addressed the board regarding a contract that he presented. Mentioned the contract before them was a standard industry contract that was vetted through many people. After a lengthy discussion,

David Scott moved to approve the contract for Civil Engineering Services with Terry Hagood of Hagood Engineering Associates, Inc

Mark Abbott seconded

Motion carried 7-0

Mr. Hagood stated that his role was to get some front end issues with the city resolved.

# 6. Lago Vista ISD Highly Qualified Report

The 2011-12 Highly Qualified report was presented depicting the statistic that 100% of the staff at LVISD met the Highly Qualified Standard.

# 7. Update 92

Mr. Underwood went over several key points from Update 92 which focuses on Personnel (Explanatory Notes included in packet)

Jerrell Roque moved to accept the Update

Tom Rugel seconded

Motion carried 7-0

#### 8. Superintendent Report

a. Concussion Management Team - The designated concussion management team for LVISD was reviewed.

- b. Petermann Bus Services Information was shared regarding a possible transportation buy out of Petermann Bus Services by Durham Transportation
- c. 2011-12 SY Calendar calendar options for the 2012-13 school year were discussed

# 9. Minutes of previous meetings

Jerrell Roque moved to accept the minutes from Dec. 12, 2011 regular meeting.

Tom Rugel seconded

Motion carried 7-0

# 10. Monthly Financial report

Jerrell Roque moved to accept the financial report as presented

Mark Abbott seconded

Motion carried 7-0

11. Closed Session pursuant to Government Code section 551.074. Discussion of Superintendent Evaluation and Contract.

The board went into closed session at 9:15pm

# 12. Superintendent Contract

The board reconvened in open session at 11:03pm.

Jerrell Roque moved that the board extend Mr. Underwood's contract until the 2017 school year with a buy out provision not to total more than one year's compensation. There was no increase in salary.

David Scott seconded

Motion carried 7-0

# 13. Discuss February meeting date

Next board meeting is scheduled for February 20, 2012

# 14. Adjourn

There being no further business, the meeting adjourned at 11:07pm
