

## Operational Policy on Infant Safe Sleep

This form provides the required information per minimum standards §746.501(9) and §747.501(6) for the safe sleep policy.

**Directions:** Parents will review this policy upon enrolling their infant at and a copy of the policy is provided in the parent handbook. Parents can review information on safe sleep and reducing the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death (SIDS/SUIDS) at: <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/A-Parents-Guide-to-Safe-Sleep.aspx>

### Safe Sleep Policy

All staff, substitute staff, and volunteers at Little Vikings Learning Center will follow these safe sleep recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) for infants to reduce the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death Syndrome (SIDS/SUIDS):

- Always put infants to sleep on their backs unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [§746.2427 and §747.2327].
- Place infants on a firm mattress, with a tight fitting sheet, in a crib that meets the CPSC federal requirements for full-size cribs and for non-full size cribs [§746.2409 and §747.2309].
- For infants who are younger than 12 months of age, cribs should be bare except for a tight fitting sheet and a mattress cover or protector. Items that should not be placed in a crib include: soft or loose bedding, such as blankets, quilts, or comforters; pillows; stuffed toys/ animals; soft objects; bumper pads; liners; or sleep positioning devices [§746.2415(b) and §747.2315(b)]. Also, infants must not have their heads, faces, or cribs covered at any time by items such as blankets, linens, or clothing [§746.2429 and §747.2329].
- Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation [§746.2415(b) and §747.2315(b)].
- Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult [§746.3407(10) and §747.3203(10)].
- If an infant needs extra warmth, use sleep clothing, such as sleep sacks or footed pajamas, as an alternative to blankets [§746.2415(b) and §747.2315(b)].
- Place only one infant in a crib to sleep [§746.2405 and §747.2305].
- Infants may use a pacifier during sleep. But the pacifier must not be attached to a stuffed animal [§746.2415(b) and §747.2315(b)] or the infant's clothing by a string, cord, or other attaching mechanism that might be a suffocation or strangulation risk [§746.2401(6) and §747.2315(b)].
- If the infant falls asleep in a restrictive device other than a crib (such as a bouncy chair or swing, or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health-care professional [§746.2426 and §747.2326].
- Our child care program is smoke-free. Smoking is not allowed in Texas child care operations (this includes e-cigarettes and any type of vaporizers) [§746.3703(d) and §747.3503(d)].
- Actively observe sleeping infants by sight and sound [§746.2403 and §747.2303].
- If an infant is able to roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position [§746.2427 and §747.2327].
- Awake infants will have supervised "tummy time" several times daily. This will help them strengthen their muscles and develop normally [§746.2427 and §747.2327].
- Do not swaddle an infant for sleep or rest unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [§746.2428 and §747.2328].
